FORMAL WEAR HIRE

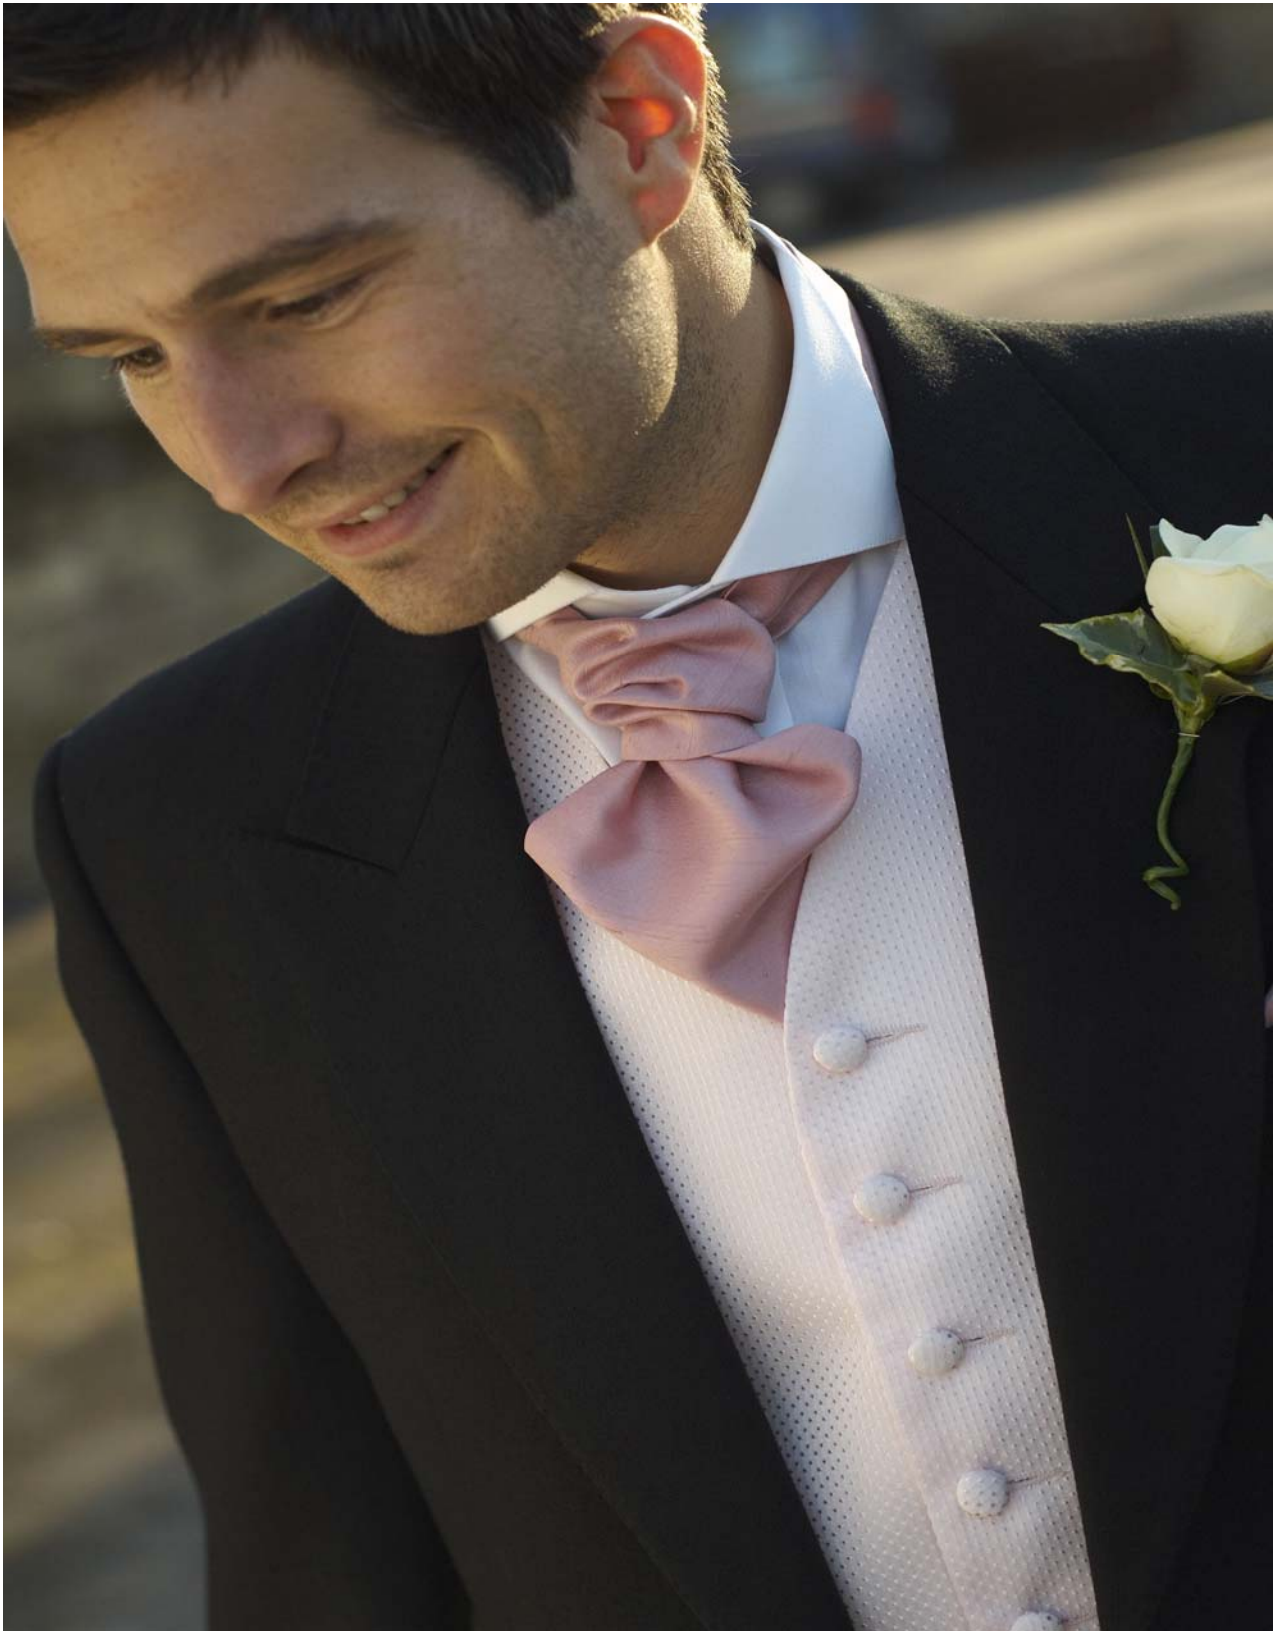

Celebrating
50th
Anniversary

ASCOT GREY

Whether worn to a classic summer wedding or to Royal Ascot our Silver Mohair is a winner. It photographs so well and co-ordinates with all the favourite bridal and bridesmaid colours. Insert: Two of the many waistcoats available in packages starting at £69.95 for the complete outfit. Grey top hats are optional these days so ask our advice if in doubt.

CONFIDENCE

We tailor to fit, dry-clean and valet every garment - in house - to a high standard to ensure our fitters achieve the result you deserve. Our attention to detail has been recognised for half a century by generations of satisfied customers. We are known for the superior quality of our garments, our finish and our ability to fit all garments from stock, in any size and combination of style and colour before you make the decision to book. Celebrate 50 years of wedding success with the people who care.

PAGEBOYS

Pages are the perfect addition to a wedding party but their outfit must compliment the Groom and be co-ordinate correctly. We advise at least two fittings and suggest an early collection to make sure he hasn't shot up in the week before the wedding. Don't be fobbed off with 'we'll order an age five or perhaps a six' as it probably won't fit. We fit every garment from our comprehensive stock kept on the premise so your Page can try the garments on. Prices start from as little as £29.95 to £59.95 for a completely co-ordinated outfit.

TEENAGERS

The subtle difference in size between teenage garments and that of men's garments in small sizes is recognised by our staff. Fitting the correct garments on a young person makes such a difference at weddings and school proms. Young boys do not look good in badly fitted men's clothes. The garments need to be tailored to fit a much slimmer frame.

WAISTCOATS

Waistcoats come in a variety of brocades, jacquards and prints spanning all the popular wedding colours. Co-ordinated cravats and ruche ties are available to match and are already tied so the men will have no trouble 'getting to the church on time'.

All waistcoats are available in Pageboy sizes unless the pattern is too large. Designs with large patterns do not suit very tiny sizes. We can make any waistcoat in any size so the earlier you book more options are available. Peak season wedding need to be booked well in advance.

FASHION

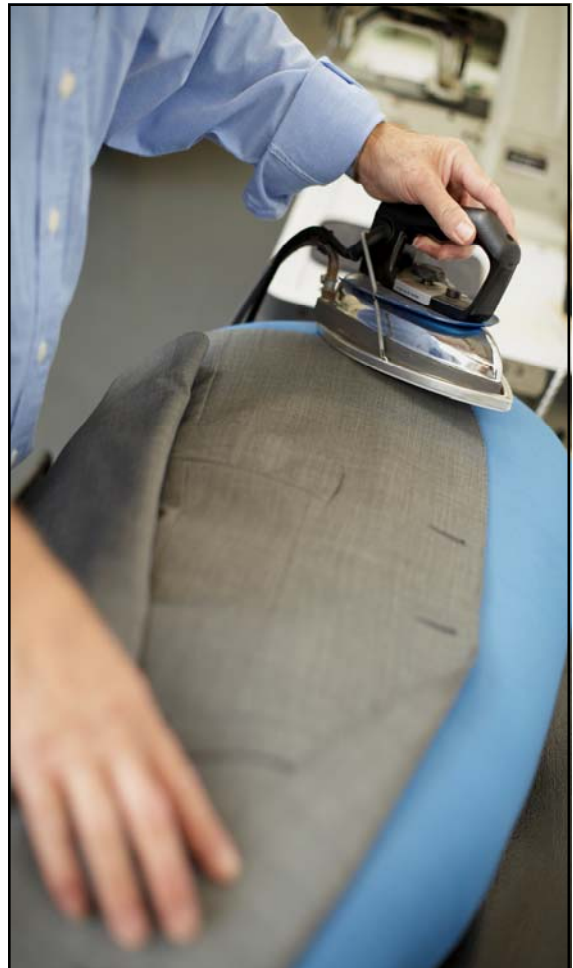

Forever conscious that fashion should not overshadow tradition, to bring the timeless formal look into the reach of young couples, our Silk Waistcoats, Velvet and Brocade Jackets are the latest in style and sophistication for the groom who wants to make a lasting impression.

MADE-TO-MEASURE

If you have something special in mind and would like the ultimate fit, style and fabric of your choice why not have it made. The price need not be expensive and depends on the fabric you chose, the size and the time you allow us to complete the order. Allow at least eight weeks to completion. Red Toastmaster and White-tie Tailcoats with high waist trousers take six weeks. Brocade and velvet evening jackets take slightly longer but our express service is an option and costs slight more. Ask to see our swatches of Made-to-Measure lounge and business suits. Prices £395 to £795

FINISHING

After garments leave our dry-cleaning room they are tailored to make sure they fit perfectly. This attention to detail and final hand finish is a reason why clients have returned over the decades. Quality garments need extra handling care to keep them in peak condition. We only use fabrics made from the best wool worsted, mohair, silk and velvet . We strive for perfection and you deserve the best for that special day.
